## The Gentle Beam

June Topic:

# COMMUNICATION =

The intercommunication is always from God to His idea, man. S&H 284: 31-32

The "still, small voice" of scientific thought reaches over continent and ocean to the globe's remotest bound. The inaudible voice of Truth is, to the human mind, "as when a lion roareth." It is heard in the desert and in dark places of fear. S&H 559: 8-12

The Psalmist saith: "He shall give His angels charge over thee." God gives you His spiritual ideas, and in turn, they give you daily supplies. Misc 306: 29-2

I will listen for thy voice,  
Lest my footsteps stray;  
I will follow and rejoice  
All the rugged way.

Hymn 304

We invite you to share your unfoldments and to suggest future topics.

Your purchases from Randalls grocery under their Good Neighbor Program resulted in our Church receiving \$51.03 for this quarter. Our number to list on your Randalls Card so that our Church may receive 1% of the amount spent by our friends is **# 9212**.

## Committee on Publication Update

### Visits by Christian Scientists to Washington, DC

The Federal Office of the Committee on Publication is finding how crucial it is for members of Congress and their staff to hear directly from their constituents about the importance of provisions in the law that recognize spiritual care, including Christian Science. One way to do this is to have Christian Science families who are visiting Washington, DC coordinate with the Federal Office so they can do some Capitol Hill visits together.

If church members who will be visiting Washington, DC would like to contact the Federal Office about meetings on Capitol Hill they can reach Melanie D'Evelyn, Legislative Relations Manager, at 202/591-3966 or [develynm@cspcs.com](mailto:develynm@cspcs.com).
