

THE CHURCH MANUAL -- SUMMER 2017 STUDY OF THE MANUAL

The Manual of The Mother Church, by Mary Baker Eddy, given to her by God Himself to record His spiritual laws for the governing of The Mother Church and all branch churches for all time, is being studied this Summer by members all over the world.

There are 16 By-Laws sections which fit in with these next 16 weeks, and we are getting reports from all over, how this aids in interpreting our great Lesson-Sermons each week, so if you take one By-Law section each week, for the next 16 weeks you will cover God's law that Mary Baker Eddy listened for and as an obedient scribe, gave us the only set of laws we need to make the spiritual understanding we need today to bring in the great revival of CHRISTIAN SCIENCE coming in in the next 2 years:
